FADEAWAY

5L Carpet & Upholstery Green Range

Carpet & Upholstery is an aqueous, solvent based, multi-use cleanser, containing a broad range of cleaning materials primarily designed to instantly dissolve many types of soils, greases and fats.

Emulsifying and holding them in solution or suspension until wiped or rinsed away.

\$170.00

5L Extreme Pre-spray Green Range

Easily clean extremely neglected carpets as well as carpets manufactured with olefin or acrylic. It also removes ground in dirt from severely soiled traffic lanes and more.

This product can be mixed with hot or cold water and used with cleaning systems such as truck mounts, steam cleaners, portable extractors, and rotary scrubbers as well as for bonnet cleaning.

\$186.00

5L Multi-Purpose Green Range

FadeAway Multi-Purpose effectively breaks down and removes grease, oil, soap, dirt, scum, mould/mildew residues from a variety of surfaces and materials such as wood, stainless steel, aluminium, copper, desk and counter tops, various types of ceiling and wall surfaces, plastic and more.

\$170.00

1L Spot & Stain Green Range

Fade Away Spot and Stain Remover provides excellent cleaning results on heavy grease, oil and dirt soiled carpets and upholstery. It will remove the ground-in dirt from severely soiled traffic lanes.

It will also remove tough spots and stains caused by blood, various inks, road tar, food and beverage residues and much more.

\$60.00

5L Tile & Grout Green Range

Tile & Grout not only restores hard floors but can be used to maintain them on a daily basis too. It effectively breaks down and removes old grease, oil, soap, dirt, scum, mould and mildew residues etc. Tile and Grout Cleaner will provide you with excellent results on tile floors, showers, bathrooms, kitchens, clay tile and grout.

\$195.00

FadeAway Green Range are non-toxic & environmentally friendly cleaning agents, designed to dissolve & break down tough soiling. FadeAway cleaning products are tested and certified by Green Seal and The Carpet & Rug Institute.

Extreme Fire Clean Orange Range

Extreme Fire Clean is a high quality heavy duty cleaner/degreaser designed to remove almost all types of soiling including grease and oil & soot.

Formulated to hang on vertical surfaces giving the penetrating surfactants the dwell time needed to thoroughly clean. Excellent results at very high dilution rates.

15L \$148.30

Anti-Microbial Orange Range

Anti-Microbial is a pure quaternary germicide and contains no perfume colouring or any other material which might reduce its efficiency.

Apart from its anti-microbial action it has significant deodorising properties.

15L \$165.20

AIR MOVERS

Low Profile Air Mover C35

The Low Profile Air Mover C35 is light, strong, easy to handle and stackable. It has a low amperage draw of 0.65 amps.

The low profile C35 has been independently tested by Australian standards and maintains strict quality control over the manufacturing process to deliver quality products to the Australian market.

\$420.00

Axial Air Mover 510

The axial air mover 510 is light, strong, easy to handle and stackable. It has a low amperage draw of 0.65 amps with high airflow ideal for large open areas. The 510 has been independently tested by Australian standards and maintains strict quality control over the manufacturing process.

\$390.00

AIR SCRUBBERS

AF500 Air Scrubber

A portable filtration system that removes airborne particles including mould, dust, pollen, drywall dust and other miscellaneous debris as small as 0.3 microns.

Free optional 2nd stage activated carbon filter! Independently tested by Australian standards and maintains strict quality control over the manufacturing process.

\$1450.00

Abatement Predator 750

The Abatement Predator is a portable air scrubber for creating and maintaining negative pressure and removing airborne contaminants during construction, renovation and remediation projects. Time and cost-savings innovations that make this a must have tool in every restorer's truck.

\$2750.00

DEHUMIDIFIERS

Juvenate Dehumidifier DY-65N

65L refrigerant, rotational, roto-moulded polyethylene industrial dehumidifier. Juvenate's dehumidifiers are built to last. Manufactured under stringent guidelines to meet all Australian standards in quality and safety. Juvenate maintains strict control over the manufacturing process to meet the highest industry standards.

\$1990.00

Juvenate Dehumidifier DY-85L

85L refrigerant, rotational, roto-moulded polyethylene industrial dehumidifier. **Juvenate's dehumidifiers are built to last.** Manufactured under stringent guidelines to meet all Australian standards in quality and safety. Juvenate maintains strict control over the manufacturing process to meet the highest industry standards.

\$2490.00

FOGGERS

OR-DP3 Electric ULV Sprayer

The OR-DP3 Electric ULV Sprayer is a high volume portable sprayer capable of spraying up to 9 meters in distance. The OR-DP3 has an adjustable nozzle, 5 litre tank capacity and supporting shoulder strap for ease of operation.

\$1295.00

Sprayfog – Ultra Low Volume Sprayer

The SPRAYFOG Ultra-Low Volume sprayer allows for efficient dispersion of chemical agents for a variety of purposes. The adjustable nozzle ensures the effective and efficient use of the given chemical, while the ease of handling and maintenance makes for jobs done quickly and with very little down time.

\$649.00

GENERATORS

DGUH2.3S-2 Petrol Generator

A real powerhouse, this generator is small enough and light enough to make it easy to manoeuvre. It is also powerful enough to run all your small power tools with ease!

Dunlite generators offer high continuous output ratings when compared to other models on the market with equivalent power ratings.

\$712.80

DGUH2.7S-2 Petrol Generator

A small but powerful Dunlite Generator, perfect for all your small power tools. Lightweight and durable it'll make light work of even the trickiest of jobs.

Dunlite generators offer high continuous output ratings when compared to other models on the market with equivalent power ratings.

\$1160.50
